YOUR CHARACTER SHEET

This character sheet has all the statistics, abilities, spells, and equipment for playing Kyra the cleric. Take a **reference card** from the box for details on rolls, DCs, and actions. The **action counters** can help you track your actions. Each portion of the character sheet has a letter code. You can find out more about what they mean below. For statistics, a higher number is always better.

A ANCESTRY

You have extra Hit Points from being a human.

B BACKGROUND

As an acolyte, you learned about writing texts, giving you the Scribing Lore skill, and you gained the student of the canon ability for Religion checks.

C CLASS

You're a cleric of Sarenrae, which gives you spells and the ability listed here.

D ABILITY MODIFIERS

These numbers represent your basic physical and mental capabilities. They're used to determine your other statistics.

E HIT POINTS

You can take 21 damage before being knocked out. Healing can restore lost Hit Points, but your Hit Points can't go above this maximum.

F SPEED

When you use the Stride action, you move up to 25 feet.

G SKILLS

Skills are things anyone can do, like climb using Athletics or try to remember something using Nature. For a skill check, roll a 20-sided die (d20) and add the skill statistic (in the leftmost box).

H PERCEPTION

You use this ability to try to find things using your senses. For a Perception check, roll a 20-sided die (d20) and add the Perception statistic (the number in the magnifying glass).

I SAVING THROWS

To resist some spells, poisons, and other dangers, you need to make a saving throw. Roll a 20-sided die (d20) and add one of three saving throw statistics determined by the effect you're rolling against: Fortitude, Reflex, or Will.

J DEFENSES

Your Armor Class represents how hard it is for enemies to hit you. As a cleric, you can wear light or medium armor. You currently have a chain shirt.

K WEAPONS AND ATTACKS

You can make a melee attack with the Strike action (see your reference card). Roll a 20-sided die (d20), add the attack statistic, and compare it to the target's AC.

L LEVEL

You're a 1st-level cleric. As you gain Experience Points in adventures, you can track them in the XP box.

M EQUIPMENT

backpack	chalk (10 pieces)	rations (2 weeks)	scimitar	torches (5)
bedroll	flint and steel	religious symbol of Sarenrae	shield	waterskin
chain shirt	healer's tools	rope (50 feet)	soap	1 gold piece (gp)

N SPELLCASTING

SPELL ATTACK ROLL **7** = **4** WIS + **3** PROF

SPELL DC **17** = 10 + **4** WIS + **3** PROF

You have prepared the spells *burning hands*, *magic weapon*, and three *heal* spells from your divine font ability. When you cast a spell, check it off. At the start of each day, your spells come back and you uncheck them.

- ☐ **Burning Hands** 🔥 Gouts of flame rush from your hands in a 15-foot cone. The fire deals 2d6 fire damage to each creature in the area. Each creature can attempt a Reflex save, taking no damage on a critical success, half damage on a success, full damage on a failure, and double damage on a critical failure.
- ☐ **Magic Weapon** 🔪 Touch a weapon. For 1 minute, Strikes with it get a +1 item bonus to the attack roll and have two damage dice instead of one.
- ☐ ☐ ☐ **Heal** 💧, 🔥, or ⚡ If the target's a willing living creature, they heal 1d8 HP. If they're undead, they take 1d8 positive damage but get a basic Fortitude save. The number of actions you take changes the spell.
 - 💧 Target one creature you can touch.
 - 🔥 Target one creature within 30 feet. If healing, increase the amount to 1d8+8.
 - ⚡ Affect all living and undead creatures within 30 feet of you.

Other Spells: If you want to prepare different spells in your two spell slots, see page 22 of the *Hero's Handbook*. The spells you can choose are *burning hands*, *command*, *disrupting weapons*, *fear*, *heal*, *magic weapon*, and *sanctuary*.

Cantrips

You can cast these five spells any number of times per day.

Detect Magic 🔍 You detect any magic in effect within 30 feet of you.

Disrupt Undead ☠️ Deal 1d6+4 positive damage to an undead creature within 30 feet. It can attempt a Fortitude save, taking no damage on a critical success, half on a success, full on a failure, and double on a critical failure. If it critically fails, for 1 round it takes a -1 status penalty to melee attack rolls, melee damage rolls, and Athletics checks.

Light 💡 Touch an object to make it glow with bright light in a 20-foot radius until you either cast *light* again or prepare your spells.

Message 🗣️ Words you speak go directly to the ears of one creature within 120 feet. The target can give a brief response as a reaction.

Stabilize 🛖 One creature within 30 feet loses the dying condition and remains unconscious at 0 Hit Points.

Shield

You carry a shield and have the Shield Block reaction to protect yourself.

Raise a Shield 🛡️ You lift up your shield to get a +2 circumstance bonus to AC until the start of your next turn.

Shield Block 🛡️ If your shield is raised, you can spend your reaction to block a physical attack. Reduce the amount of damage by 5, but then you and your shield both take any damage leftover. This might break or destroy your shield. Your shield has a maximum of 20 Hit Points.

ABOUT KYRA

Kyra is a priestess of Sarenrae, the sun goddess who teaches her followers to heal the wounded and destroy evil. Kyra grew up admiring the beautiful stained glass of Sarenrae's temple and the graceful priestesses who practiced with their scimitars each dawn. When bandits attacked Kyra's village, those priestesses fought to the death to protect the villagers, but the bandits were too many and the village burned. Kyra was one of the few survivors, and on the smoking ruins of the beautiful temple she swore her life and sword arm to Sarenrae, promising to protect those who could not protect themselves and to slay those who would harm the innocent. Kyra has a fierce will and is proud of her faith and her skill with the scimitar.
